United Way of Decatur and Mid Illinois

COMMUNITY INVESTMENT REPORT

FY 2008

ANNUAL REPORT.

United Way of Decatur
& Mid Illinois

UNITED WAY - A wise investment for a healthier community.

Each year United Way relies on the generosity of individuals and corporations to achieve success in building a stronger community by helping people in need. This is accomplished by those who support our annual fundraising campaign, share their time and resources with others, and above all, by taking place in a community that cares for one another.

Through good times and bad, United Way is proud to remain a reliable and trusted community partner, bringing the greatest return on your valuable investments. Together we have impacted the lives of thousands of people annually, creating a healthier place to live and work.

Lending a hand to make a difference.

Thousands of people lent a hand to United Way in 2008, making it possible for us to:

- Invest \$1,720,000 from the Community Impact Fund in 39 local programs that bring the most impact in Macon County's community conditions.
- Invest an additional \$351,440 in donor designations in Macon County, and \$50,000 into DeWitt County Programs.
- Distribute the first ever Kindergarten Calendar to every 3,4 and 5 year old in Macon Co., helping parents and children engage in school preparedness activities year-round.
- Operate another successful year of First Call for Help service, which provided information and referrals to 4,824 callers in 2008.
- Continue work addressing the three most pressing issues locally-youth development, access to health care and community basics.

Tradition of giving and helping.

The 2008 campaign faced a diverse set of challenges. Thank you to those who continued support through the transitions within our organization. Your continued support enabled us to strengthen as an organization, build new relationships and distribute \$2,121,440 to bring change to community conditions. Congratulations on a great effort!

UNITED WAY PROGRAMS and INITIATIVES

AFL-CIO Community Services Liaison

Locally, AFL-CIO Community Services Liaison cultivates relationships with union members and local labor organizations to enhance support of United Way and the community. This partnership has engaged organized labor and the community in yearly initiatives including:

- Letter Carrier Food Drive
- Community Services Review
- UCAN training classes
- Shampine Scholarship
- Day of Caring

Kindergarten Calendar

Made possible with collaborative efforts from the Education Coalition, DMH and Team Soy, this calendar was made to engage children and help them succeed in school and life. It offers interesting and fun ways for families to encourage the development of critical skills in young children. It is our way to foster a love for learning while leaving out the guesswork of how to prepare children for success.

First Call for Help

FCFH is a United Way program that provides a free and confidential referral service that connects people in need with the help they seek. First Call helps community members eliminate the confusion, frustration and run-around often involved in finding help during desperate times.

FamilyWize

United Way proudly partners with FamilyWize, a discount prescription program available to the uninsured and under-insured. The card is available to anyone free of charge, and offers a discount of up to 30% on most prescriptions.

“On behalf of the United Way team, we extend thanks to the Mid Illinois communities who have so generously contributed to our campaign. Businesses, labor partners and individuals gave their time and efforts throughout the year, a display of how our caring community members reach out to those in need. The commitment our community shows in helping their neighbors, friends, families and coworkers build a better tomorrow is a unique quality we are proud to claim. It’s a true example of how Decatur and Mid Illinois chooses to LIVE UNITED.”
